JURISDICTION AND VENUE

1. On June 7, 2015 (the “**Petition Date**”), each of the Debtors filed with the United States Bankruptcy Court for the Eastern District of Virginia, Richmond Division (the “**Bankruptcy Court**”), its respective voluntary petition for relief under Chapter 11 of Title 11 of the United States Code (the “**Bankruptcy Code**”), commencing the above-captioned Cases. On June 9, 2015, the Bankruptcy Court entered an order authorizing the joint administration of these Chapter 11 Cases [Docket No. 42]. On June 16, 2015, the United States Trustee for the Eastern District of Virginia appointed the statutory committee of unsecured creditors (the “**Creditors’ Committee**”).

Pursuant to the Plan and 11 U.S.C. § 1123, the Liquidating Trustee is the successor, for all purposes, of the Debtors and the Creditors’ Committee, and is thereby vested with standing to bring this action as a representative of the HDL Liquidating Trust.

3. The Bankruptcy Court has subject matter jurisdiction over this Adversary Proceeding pursuant to 28 U.S.C. §§ 157 and 1334(b).

4. The Adversary Proceeding constitutes a core proceeding by virtue of 28 U.S.C. § 157(b)(2)(A), (E), and (O).

6. The Liquidating Trustee consents to entry of final orders and judgment by the Bankruptcy Court in this Adversary Proceeding.

7. Venue is proper in this Bankruptcy Court under 28 U.S.C. §§ 1408 and 1409.

8. Venue is proper in this Bankruptcy Court as to the Defendants because a substantial part of the events or omissions giving rise to the claims asserted herein against the Defendants occurred in this judicial district.

NATURE OF THE ACTION

15. This Adversary Proceeding is to recover the transfers, losses and other damages caused to the Debtors and their creditors, including those creditors which assigned to the Liquidating Trustee and the Trust their Creditor Causes of Action as defined in Section 1.33 of the Plan (“**Assigning Creditors**”). A list of Assigning Creditors, as of the date of the filing of this Complaint, is attached hereto as **Exhibit 1**.

FACTUAL BACKGROUND

16. Health Diagnostic Laboratory, Inc. (“**HDL**”) was formed as a start-up laboratory in Richmond, Virginia, offering a panel of blood tests for early detection of cardiovascular disease, diabetes, and related illnesses.

17. From the outset, HDL’s insiders relied on illegal business practices that incentivized health care providers (“**HCPs**”), including the Defendants, to use HDL.

18. One such practice was the payment of illegal “processing and handling” (“**P&H**”) fees to HCPs, whereby HDL paid HCPs large P&H fees (the “**P&H Program**”) to induce HCPs to order HDL’s tests instead of those offered by other laboratories.

19. The P&H Program was a scheme that violated the federal Anti-Kickback Statute, 42 U.S.C. § 1320(a)-7(b)(a)(A), the federal False Claims Act, 31 U.S.C. § 3729 *et seq.*, and similar state anti-kickback laws that prohibit HDL from offering or paying, and HCPs from soliciting or accepting, such illegal payments.

20. By participating in the P&H Program, the Defendants knowingly assisted HDL’s insiders in perpetuating their illegal scheme. The Defendants willfully accepted monetary

inducement to order more extensive blood testing than was medically necessary. In exchange for ordering unnecessary tests, the Defendants accepted illegal transfers of money (each transfer, an “Avoidable Transfer,” and, collectively, the “Avoidable Transfers”) under the P&H Program. The Avoidable Transfers are set forth on Exhibit 2, which is attached hereto and incorporated by reference herein, and reflects the amounts of and dates on which the Avoidable Transfers were made.

21. The P&H Program resulted in compensation to the HCPs, including the Defendants, that exceeded the value of the HCPs’ uncompensated services for drawing blood samples, or for sending the specimens to HDL for testing. Acting in their own financial self-interest, the Defendants exploited the P&H Program to obtain payment via the Avoidable Transfers that was far in excess of what the Defendants should reasonably have been paid for services provided. The Defendants’ illegal acts in this regard caused damage to HDL and legitimate creditors of HDL, including the Assigning Creditors.

22. The P&H Program induced the HCPs, including the Defendants, to order unnecessary tests and to utilize HDL instead of less costly in-network diagnostic laboratories. Such practice perpetuated the submission of fraudulent and inflated claims to certain creditors, including the U.S. Government and Assigning Creditors, for reimbursement.

23. Throughout the years, the improper and illegal practices worked as intended, and HDL appeared to be enormously successful. However, despite this illusion and outward appearances, HDL was never actually solvent or profitable.

24. HDL’s financial statements failed to reflect its actual liabilities, which, due to the improper business tactics, were hundreds of millions or even billions of dollars more than the liabilities it actually reported. HDL and its insiders wrongly reported revenues HDL should never

have collected because they were obtained fraudulently, through false pretenses, or through improper business tactics.

25. HDL faced catastrophic liabilities to the U.S. Government from the illegal and fraudulent conduct as described herein. These liabilities were immediate and soared into the billions of dollars. They resulted not only from the P&H Program, but from other illegal practices, such as the commission scheme conducted under HDL's marketing contract (the "**BlueWave Agreement**") and the practice of collecting certain monies from patients (the "**Patient Responsibility Collection Practice**").

26. As the U.S. Government determined in its investigation of HDL, every single claim HDL submitted for payment by TRICARE or Medicare outside of Virginia was a false claim under the False Claims Act ("**FCA**"). Moreover, the Patient Responsibility Collection Practice created further liability to both the U.S. Government and private insurance companies each and every time it was used.

27. Each false claim submitted for payment by TRICARE or Medicare, as well as each penalty of trebled damages associated with such false claims, immediately created a debt to the U.S. Government under the FCA and an attendant liability for HDL. From the very first false claim submitted to the U.S. Government, HDL's actual liabilities increased day after day. HDL's liabilities, therefore, always exceeded its revenues and assets.

28. On January 27, 2014, the U.S. Government filed a lawsuit against HDL's former CEO LaTonya Mallory ("**Mallory**") and others. This lawsuit is currently pending in the U.S. District Court for the District of South Carolina (Case No. 14-cv-00230-RMG) (the "**FCA Action**"). In the FCA Action, the U.S. Government's damages expert filed a report detailing more than \$160 million in direct damages sustained by the U.S. Government due to false TRICARE and

Medicare claims submitted by HDL through its insiders. The misconduct described herein created enormous liabilities not only in the form of direct damages sustained by the U.S. Government, but also to private insurers, such as certain of the Assigning Creditors, which liabilities exceed another \$160 million.

29. These extensive false claims immediately exposed HDL to catastrophic penalties and fines. For false claims resulting from the P&H Program, HDL's exposure exceeded \$3 billion. For false claims generated by the illegal commission scheme under the BlueWave Agreement, HDL's exposure exceeded \$3 billion. HDL also faced civil monetary penalties of over \$400 million for false claims stemming from the Patient Responsibility Collection Practice.

30. Actual liabilities faced by HDL for the illegal and fraudulent practices as described herein were measured not in the tens of millions, but in the billions of dollars. Accordingly, HDL was catastrophically insolvent throughout its history and at the time the Avoidable Transfers were made.

31. Once HDL stopped the improper practices as described herein, HDL experienced predictable and precipitous financial collapse. As evidenced by, among other things: (i) the Debtors' bankruptcy petitions (publicly filed with the Bankruptcy Court); (ii) the proofs of claim that have been filed against the Debtors' estates; and (iii) the Debtors' publicly-filed schedules, the Debtors' liabilities exceeded the value of the Debtors' assets well before the Petition Date.

32. From or around 2013 until or around 2014, Defendants' participation in the P&H Program and the Patient Responsibility Collection Practice violated applicable federal and state law, and caused damage to HDL and its creditors as set forth herein.

COUNT I

Avoidance of Fraudulent Transfers Pursuant to 11 U.S.C. § 548(a)(1)(A)

33. The Liquidating Trustee repeats and re-alleges each and every allegation contained in the preceding paragraphs as if fully set forth herein.

34. The Avoidable Transfers were transfers of interest in the Debtors' property.

35. The Avoidable Transfers were made with actual intent of the Debtors and HDL insiders to hinder, delay, or defraud the Debtors' existing and/or subsequent creditors, including without limitation the Assigning Creditors.

36. The primary purpose of the Avoidable Transfers was to perpetuate the illegal scheme of inducing test referrals to HDL.

37. Some of the factors evidencing actual intent of the Debtors and HDL insiders are (i) the continuation of P&H payments to various HCPs, including the Defendants, despite knowledge of the illegality of the P&H Program; (ii) payments of the Avoidable Transfers at the same time substantial new liabilities and debts were incurred through continuation of other illegal practices and/or schemes of the Debtors; (iii) insolvency of the Debtors at the time of the Avoidable Transfers or as a result thereof; and (iv) the lack of value or consideration in exchange for the Avoidable Transfers to the Debtors.

38. The Avoidable Transfers were made within two (2) years prior to the Petition Date.

39. As a result of the Avoidable Transfers, creditors of the Debtors, including the Assigning Creditors, sustained significant damages.

40. The Avoidable Transfers are avoidable transfers pursuant to 11 U.S.C. § 548(a)(1)(A).

41. The Avoidable Transfers are recoverable from WholeHealth as the initial transferee of each of the Avoidable Transfers, or as the entity for the benefit of which the Avoidable Transfers

were made, and from Rubin, Edelberg, Donigan, and Kelley as the immediate or mediate transferee of the initial transferee receiving the Avoidable Transfers.

COUNT II

**Avoidance of Fraudulent Transfers Pursuant to 11 U.S.C. §§ 544(b) and 550,

45. The primary purpose of the Avoidable Transfers was to perpetuate the illegal scheme of inducing test referrals to HDL.

46. Some of the factors evidencing actual intent of the Debtors and HDL insiders are (i) the continuation of P&H payments to various HCPs, including the Defendants, despite knowledge of the illegality of the P&H Program; (ii) payments of the Avoidable Transfers at the same time substantial new liabilities and debts were incurred through continuation of other illegal practices and/or schemes of the Debtors; (iii) insolvency of the Debtors at the time of the Avoidable Transfers or as a result thereof; and (iv) the lack of value or consideration in exchange for the Avoidable Transfers to the Debtors.

47. The Department of Justice ("**DOJ**") filed Proof of Claim No. 1335 in the Cases, in the amount of \$94,144,852.52, plus interest, based on HDL's conduct dating back to November 2008.

48. The Defendants knew or should have known of the Debtors' actual intent, as the circumstances surrounding the Avoidable Transfers should have put the Defendants on inquiry as to the bona fides of these transactions.

49. As a result of the Avoidable Transfers, creditors of the Debtors, including the Assigning Creditors, sustained significant damages.

50. The Avoidable Transfers are avoidable transfers pursuant to Virginia Code § 55-80 or other applicable state fraudulent conveyance or fraudulent transfer law and Bankruptcy Code § 544(b).

52. Any Avoidable Transfers made within six (6) years before the Petition Date should be avoided pursuant to applicable provisions of the Federal Debt Collection Procedures Act, 28 U.S.C. § 3301, *et. seq.*, and Bankruptcy Code §§ 544(b) and 550.

53. Pursuant to 11 U.S.C. § 550, the Liquidating Trustee may recover the Avoidable Transfers from WholeHealth as the initial transferee of each of the Avoidable Transfers, or as the entity for the benefit of which the Avoidable Transfers were made, and from Rubin, Edelberg, Donigan, and Kelley as the immediate or mediate transferee of the initial transferee receiving the Avoidable Transfers.

58. The Avoidable Transfers were made while the Debtors were insolvent, or became insolvent as a result of the Avoidable Transfers.

Conversion

131. The Liquidating Trustee repeats and re-alleges each and every allegation contained in the preceding paragraphs as if fully set forth herein.

132. The Debtors and/or Assigning Creditors had a right to possession of the monies transferred to the Defendants via the Avoidable Transfers and/or the payments for the unnecessary tests.

135. Accordingly, the Liquidating Trustee is entitled to recover the damages suffered by the Debtors and Assigning Creditors in an amount to be proved at trial.

136. The Liquidating Trustee hereby reserves his right to supplement and/or amend this Complaint to include additional facts, theories, and/or transfers as such may be discovered during the course of this Adversary Proceeding and preserve all other claims and defenses relating to the Defendants.
